Major Areas of the Lit.

1. How is CEO pay justified/calculated?

↳ any (All "families" of theories)

Offline [think about a table for paper] ← different ideas & formulas

2. How do utility CEO's compare to CEO's in other industries?
- pay, education, tasks, company size, etc.

3. What explanations/justifications given for elec. util. CEOs' pay?

4. What's the value proposition for Elec Util CEO?

(e.g. if profit is regulated and engineers determine need for new capacity - what do they do?)

5. How is ROI limits for elec util. set? Are they all the same? or dt. each state?

focus on Michigan

What is the CEG actually doing if they are limited by the gov't on \$ they can sell, etc.

} all combinations " " + "utility" + "electrical utility" united states only
focus on the different major groups, not every paper, maybe just 4/7/1
